ROBERT NOYCE SCHOLARSHIP-2 APPLICATION

Confidential Recommendation Form

All application materials must be received by March 20, 2009

Student's Name: _____ Evaluator's Name: _____

Dear Evaluator:

In an effort to increase the number and quality of science and mathematics teachers in high need school districts, the National Science Foundation created the Robert Noyce Scholars Program. CSULB is host to a Robert Noyce grant. We are able to award forgivable loans of \$15,000 per year to qualified STEM majors who plan on earning a secondary school teaching credential in mathematics or science. In return for the funding, scholars agree to teach two years in a high needs school district for each full year of support. The Noyce Committee depends on and appreciates your careful appraisal of the above named student's potential as a teacher in a high needs school. Please indicate your assessment of the applicant by placing a check mark in appropriate boxes below **AND attach a letter** elaborating on your assessment, including additional information about the applicant (e.g. educational persistence, leadership skills, attitude, determination, financial need, etc.) that would be useful in our selection process. Your recommendation should be as specific as possible.

Thank you very much.

RATING	ACADEMIC PERFORMANCE	POTENTIAL AS A TEACHER	COMMITMENT TO HIGH NEED SCHOOLS	PERSONAL CHARACTERISTICS
